DESCRIPTION

I am a creative individual with strong foundational design and web skills. My experience has given me opportunities to be proficient in fast paced technical environments planning, developing, and designing user-friendly appealing graphics and websites

EDUCATION

Dixie State College

Aug 2008-Dec 2011

I recieved a Bachelors of Science in Computer Information Technology with an emphasis in Visual Technologies. I have experience with the following technologies

Platforms	Applications	Web Development
Windows	Adobe Creative Suite	Html/CSS
Mac	Office Suite	PHP/MySQL
Linux		Wordpress

EMPLOYMENT

Xennsoft - Full Time/Part Time

May 2014-Jan2025

Xennsoft is a Draper, UT based company that provides software to MLM companies. During my time there I worked on a variety of print and web projects from marketing booklets to wordpress websites to competly giving their online software a facelift with CSS only.

Cache County - Full Time

May 2012-April 2014

While working at Cache County I had the opportunity to build a Susa Linux web server that housed their website I built. This job gave me the opportunity to especially increase my skills in database management as well as web server administration.

Self Employment - Contract Based

April 2010-Present

My 16 years of contract work experiences has given me opportunities to work for a variety of clients in a wide range of sectors with a large span of print, digital projects, and web server administration.

AWARDS AND ACCOMPLISHMENTS

- Currently built, host, and manage 14 websites on my web servers
- Recieved my Bachelors Degree, 2011
- Designed a website comp that was chosen by company it was design for out of 40 other students, 2011
